Character education theme: Thankfulness

The theme of character education for November is "Thankfulness". The focus of this month is for the children to appreciate their parents, teachers, and all of the people around them who are part of their lives. Children will show their appreciation to parents by helping setting up dinner table in the first week. In the second week of November they will learn what farmers do for us and learn the 'Appreciation Song' that teaches the kids to be thankful for food and to not waste it. Children will present thank you cards to our school chefs for their thankfulness in the third week. All children in each class will also decorate the tree of thankfulness with their words of appreciation.
