Experience the spirit of Giving

The children made cookies and raised money. They know they can give help even though they are little. We raised \$280 in total this cookie sale event and donated to Tzu Chi Dallas Chapter as a part of the California wild fire relief fund.

Children take turn to take care the cookie booth and try very hard to sell the cookies they made.

Character education: Compassion

The focus will be on studying the history and spirits of Tzu Chi then practicing how to help and care for people in our daily lives. Throughout the month of January, our teachers will introduce the map of Taiwan, Tzu Chi's origin, the meaning of the Tzu Chi logo and stories of Master Cheng Yen. We hope our children will understand Tzu Chi more and learn how to care for others during and after the month of January.
