Dear Parents,

I hope that you had a wonderful time with your family during this holiday season with many joyous new memories!

Parent Conferences

Teachers from each class really enjoyed meeting with each of you and discussing your child's progress so far. Thank you!

Food Items in school MUST be store bought or have ingredients labels

Because of all the birthday parties we have at school, I would like to remind you that all food items brought into the classroom which is intended to share with the children MUST be store bought or have a label accompanying it with all of the ingredients posted. We have children who have severe allergic reactions to some food items so we need to be very careful about the food that is shared with students. Also please **do not bring home-made food** to school for your child to eat or to share with other children. This is for the health and safety of all the children.

Tzu Chi Preschool Uniforms

The colder weather will be with us until spring and it is generally a good idea to send your child to school with a jacket even though it might get warmer in the afternoon. Please note that Tzu Chi jackets are part of students' uniforms and we are reinforcing our preschool's uniform policy.

If you need to purchase jackets or school uniform for your child, please purchase after January 2nd, 2018.

Thank you very much for your understanding and please let me know if you have any questions!

Happy New Year!
